FAMILY LEAVE POLICY (Presby 5-28-09)**I. Theological Grounding**

God created us to be in relationship with one another, to care for one another, and to participate in families. We are required to honor our father and mother, and to care for our children and kin. Thus provision is made when a minister needs to be absent from work in order to care for both self and family.

II. Purpose

A. To provide Sessions and other employing agencies minimum standards for a pastor's family leave to be included in all call packages. It is anticipated that individual churches and employers will not feel limited by these guidelines, and will respond to the need for family leave responsibly and generously.

B. To ensure that ministers receive fair and equitable leave when required. It is anticipated that ministers will use this policy only when needed, and will not abuse the generosity of the church.

III. Individuals Covered by this Policy

This policy applies to the following minister members of the Presbytery of the Inland Northwest (herein referred to as "pastor"):

- **Installed Pastors, Co-Pastors, and Associate Pastors** in a congregational setting meeting Board of Pensions minimum requirements for participation;
- **Interim Pastors and Interim Associate Pastors** in a congregational setting meeting Board of Pensions minimum requirements for participation;
- **Designated Pastors and Designated Associate Pastors** meeting Board of Pensions minimum requirements for participation;
- **Stated Supply Pastors** meeting Board of Pensions minimum requirements for participation;

This policy also applies to **Commissioned Lay Pastors** currently serving churches in the Presbytery.

IV. Policy**A. Notification to Session**

When a pastor or a pastor's spouse becomes pregnant, she or he shall inform the session of the request for family leave at least 30 days but a recommended 60 days prior to the start of the leave, recognizing that the more time the session has to prepare for the pastor's absence, the better the session will be able to ensure provision for necessary pastoral services during the leave.

B. Maternity Leave

The pastor shall be granted family leave for a minimum of 8 weeks. However, sessions are strongly encouraged to grant a 12 week leave if possible. During the time of family leave, the pastor shall receive full effective salary and full Pension dues. A pastor may lengthen the period of maternity leave at her discretion by using accrued vacation.

C. Paternity Leave

Paternity leave shall be a minimum of two weeks in length, during which time the pastor shall receive full effective salary and full Pension dues. If the pastor is the primary caregiver for the child, the leave shall be extended to 8 weeks. A pastor may lengthen the period of paternity leave at his discretion by using accrued vacation.

D. Adoption Leave

Recognizing that the adoption of a child requires as much of a transition as the birth of a

child, a pastor who is adopting shall be granted leave commensurate with maternity or paternity leave. If the pastor is the primary caregiver, the family leave shall be a minimum of 8 weeks. If the pastor is the secondary caregiver, the leave shall be a minimum of 2 weeks. A pastor may lengthen the period of adoption leave at his or her discretion by using accrued vacation.

E. Session Responsibilities during the Pastor's Leave

The Session is responsible for the ongoing work of the congregation during the pastor's leave. Session should be ready to arrange and pay for pulpit supply, a Session moderator, coverage for hospital and emergency visitation and whatever teaching and programming for which the pastor was responsible. Should this become a hardship for congregation, they may apply for assistance from the Committee on Ministry as per section F below.

F. Assistance for Churches

The Committee on Ministry will seek to provide assistance to help churches unable to meet the financial obligations outlined above in the event their pastor requires leave. This assistance is to assure that the pastor does not feel pressured to return to work prematurely and the church is able to secure sufficient pastoral care during the pastor's absence. Financial support for the church would be extended for the same time period granted for the leave, up to, but not to exceed, additional time granted by the Session or appropriate calling body for leave. Financial assistance will not be given during a pastor's use of accrued vacation. Individual sessions will apply to the Committee on Ministry when such cases arise, and each case will be judged on its own merits.

G. Other Church Staff

The Presbytery invites churches to extend this or a similar policy to all church staff.
